

United Church of Big Rapids

Administration Commission

December 2010

The Administration Commission experienced a quiet and productive year. The administration of the Church was addressed without unusual problems. The Commission convened as necessary throughout the year.

In November, members of the Commission met individually with each staff person and reported to the entire Commission. The consensus of the Commission is that the Church is blessed with a talented, productive and caring staff.

In particular the Commission notes the leadership provided by Pastor Jon, who has consistently fostered an environment of acceptance, compassion and faith throughout the church. The Commission also notes the significant contribution of Associate Pastor Jerena Keys. It has been a joy watching her blossom in her new role as a pastor and the Commission is thankful she has chosen our church to continue her journey of faith.
